PROFILE

I am a Portuguese software engineer finished my degree in the UK with honours. I have a comprehensive knowledge of full stack development and am proficient in frameworks and technologies such as Vue.js, React, Tailwind, Flask, PostgreSQL, MySQL, SQLite, Node.js, Python, Java, JavaScript, and Express. My academic background and practical experience have equipped me with a robust skill set and a deep understanding of both front-end and back-end development, enabling me to build and maintain complex web applications.
